## Description

From its very inception, Bugendaitech has operated as a remote company. We're a Salesforce ISV (Independent Software Vendor) partner as well as a Google and AWS partner with Salesforce consulting experience. We operate in sectors such as Data Science Solutions, Website Development, SEO (Search Engine Optimization) & Digital Marketing, and SAP Solutions. We strive to make your learning experience the best it can be at BugendaiTech, and our programmes are designed to provide graduates and interns with the knowledge, skills, and experience they'll need to stay at BugendaiTech and prosper in the future.
