## Description

Taking The Stress out of International Relocation Relocating a group of professionals across the world comes with countless unforeseen administrative, logistical, legal and cultural challenges. Celsium Powered by our global mobility service covers every detail of the relocation process, removing the stress so you can manage your international assignments with confidence and peace of mind. Our 120+ physical offices and international partner network allow us to move individuals and groups smoothly and efficiently with all legal requirements covered. Whether it's a CEO or recent graduate; temporary or long-term; or individual or group, our flexible, hands-on and personalized approach makes mobility feel like coming home.

Services Global Mobility and Immigration Detail Oriented Our support includes all paperwork and planning for visa and immigration, travel and logistics, orientation, home search, tenancy management, departure services, temporary accommodation, school search, area information guides, cultural training, language training, furniture and appliance rental, immigration, household good shipments, expense management, group move management, policy build and benchmark, global payroll, HR support, recruitment and tax services.
