

# Neuronal Networks

from: HPNBoost

**Price:** £0.00

**Date:** 2018-10-29 07:43:08

**Expiration Date:** 0000-00-00 00:00:00

## Description

Neural networks system information in a similar way the human brain does. The community is composed of a massive variety of exceptionally interconnected processing elements(neurones) running in parallel to solve a selected problem. Neural networks learn by example. They can't be programmed to perform a particular project. Visit [www.hpnboost.com](http://www.hpnboost.com) to learn more.
